1. Policy Introduction

- 1.1 Bullying is an ongoing misuse of power in relationships through repeated verbal, physical and/or social behaviour that causes physical and/or psychological harm. It can involve an individual or a group misusing their power over one or more persons. Bullying can happen in person or online, and it can be obvious (overt) or hidden (covert).
- 1.2 Bullying of any form or for any reason can have long-term effects on those involved, including bystanders. Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying. Our response to these incidents will be the least intrusive response appropriate to the risk, maintaining the primary concern being the welfare and protection of the young people involved.
- 1.3 This policy forms part of the Academic Guardians UK safeguarding arrangements and all incidents of bullying and cyber bullying will be dealt with as safeguarding concerns. The policy is formed and based on the 'Responding to Incidents and Safeguarding Young People' (the 'UKCCIS Guidance') and should be read in conjunction with the following AGUK policies: Safeguarding and Child Protection, Online e-safety, Youth produced sexual imagery 'Sexting', and Peer on peer (child on child) abuse policies.

2. Types of bullying

2.1 There are many different types of bullying that can be experienced by children and adults alike, some are obvious to spot while others can be more subtle. The different types of bullying that we look at below are some of the ways that bullying could be happening.

2.1.1 Physical bullying

Physical bullying includes hitting, kicking, tripping, pinching and pushing or damaging property. Physical bullying causes both short term and long-term damage.

2.1.2 Verbal bullying

Verbal bullying includes name calling, insults, teasing, intimidation, homophobic or racist remarks, or verbal abuse. While verbal bullying can start off harmless, it can escalate to levels which start affecting the individual target. Keep reading in this section for techniques to deal with verbal bullying.

2.1.3 Social bullying

Social bullying, sometimes referred to as covert bullying, is often harder to recognise and can be carried out behind the bullied person's back. It is designed to harm someone's social reputation and/or cause humiliation. Social bullying includes:

- lying and spreading rumours
- negative facial or physical gestures, menacing or contemptuous looks
- playing nasty jokes to embarrass and humiliate
- mimicking unkindly
- encouraging others to socially exclude someone
- damaging someone's social reputation or social acceptance.

2.1.4 Cyber bullying

Cyber bullying can be overt or covert bullying behaviours using digital technologies, including hardware such as computers and smartphones, and software such as social media, instant messaging, texts, websites and other online platforms. Cyber bullying can happen at any time. It can be in public or in private and sometimes only known to the target and the person bullying. Cyber bullying can include:

- Abusive or hurtful texts emails or posts, images or videos

- Deliberately excluding others online
- Nasty gossip or rumours
- Imitating others online or using their log-in

Further information and guidance on Cyber bullying is provided in the Online e-safety policy which along with all other policies are available on the organisations intranet SharePoint sites, local coordinator, student, parents/agents and homestay host family portals. The policies are also available on the website at <https://www.academic-guardians.co.uk/our-policies>.

3. Academic Guardians UK procedures for dealing with reports of bullying and cyber bullying

- 3.1 If an AGUK staff member, including homestay hosts and drivers is approached by a student or parent/agent of a student and informed that the student is a victim of bullying/cyber bullying they will approach the concern with sensitivity and professionalism.
- 3.2 The decision to respond to the incident without involving the police or children's social care would be made in cases when the DSL is confident that they have enough information to assess the risks to pupils involved, and the risks can be managed within Academic Guardians UK support framework and network for the child. In such circumstances the procedures continue.
- 3.3 AGUK will take direction and support from the parents/agent and schools where appropriate in terms of supporting the student who is a victim of bullying or cyber bullying. The best course of action will be determined in accordance with suggested guidance as detailed in **section 4**.
- 3.4 Staff, homestay host families, local coordinators & drivers should follow the usual reporting procedures as for any other safeguarding concern as laid out in Academic Guardians UK Safeguarding & Child Protection Policy. Copies of the reporting forms are available on all the AGUK portals and as appendix documents in the Safeguarding & Child Protection Policy which is also available in the portals and online. In addition, copies may be requested from the office team by emailing office@academic-guardians.co.uk.
- 3.5 Concerns and child protection issues are recorded in their Safeguarding files, which remain secure and confidential. An additional student folder will be created in the safeguarding teams private secure portal to manage all correspondence and recorded actions. Dates and notes pertaining to a student are entered onto a monitoring spreadsheet which again remains secure and confidential. Safeguarding and child protection information is stored securely and can only be accessed by the DSL and DDSL.

4. Training & Support

- 4.1 AGUK will support staff with the provision of information and guidance and signposting to training resources, as they become available, which will assist staff in preventing and responding to bullying and cyberbullying.
